IStation for Chromebook

Imagine Station, IStation, is a reading assessment for grades K-8. The app will be deployed to the Chromebooks with a policy update. Below are the steps for setting up IStation on a Chromebook.			
	1. Login into the Chromebook.		
Istation TestNav	Make sure the Chromebook connects to the wireless network.		
ut down Apps 🚨 Browse as C	 At the next reboot, IStation will be available on the login screen under Apps. 		
	4. Launch Istation		
Default Domain Peer Group (optional): derriver	 The first time IStation is launched, enter the Default Domain. Type Denver and select the appropriate school from the list of schools below. 		
dcisdford denver.co dcis at ford denver.shelby.tn denver elementary school denverexped.denver.co downtown denver exped school	6. Leave the Peer Group field blank.		
academy360.denver.co	 The previously selected school will show above the User Name field. 		
Password: enter password	8. At this point, students will be able to log in.		
OK EXIT	(NOTE: Once the domain is entered, the Chromebook will remember that domain at each launch.)		
	 If the school listed is incorrect, type: User Name: config Password: config 		
	10. IStation will go back to the domain select screen. (step #5)
